Data Structures	Object Oriented Programming
Web Applications Development	Communications and Networks
Database Management	Software Engineering I

TECHNICAL SKILLS

Proficient in:	Familiar with:
Java, Python, PHP, HTML, JavaScript	SQL, MIPS, JQuery,
Microsoft Office, Windows	Apple Products

EXPERIENCE

Member of Software Engineering Team, Siena College, Loudonville,NY   9/15 - current
As a member of my Software Team, Team Astral, I was tasked with aiding the other members who were unfamiliar with certain types of Web Development aspects such as PHP, Javascript and AJAX.

Lead Assistant Scene Shop Worker, Siena College Scene Shop, Loudonville, NY   10/12 - current
Planned, built and broke down sets for various plays and performances. As a lead assistant, provided guidance and instruction to the build team, ensuring that scenes were assembled properly without compromising the safety of the build team or the performers. Independently resolved resource and build related issues resulting in all builds being on time and on budget.

Chorus Section Leader, Siena College, Loudonville, NY   9/13 - current
Responsible for monitoring attendance and providing guidance and support to the individual members of my choral section. As the section leader I ensured that new members understood their participation requirements and obligations toward contributing to a quality performance.

National Honor Society, Amsterdam High School
performed a leadership role in the organization and execution of school and community activities such as the Town Barrel Drive, High School Open House and Teacher Appreciation Day.

Boy Scout, Troop 48, Amsterdam, NY
participated in community service and other leadership building activities helping me to develop a commitment to giving back to the community and develop strong teamwork and leadership skills.

Volunteer, Amsterdam, NY
prepared Christmas and Thanksgiving dinners with the American Legion and assisted the elderly in the local hospital and nursing home.
