<u>Team Meeting Notes</u>

11/9/10

◦ Made screen shots/prototypes to show client at next client meeting

◦ Discussed questions to ask at next client meeting:

  ▪ What's the content for the homepage?

  ▪ What to name the Soft Eng. 1 & 2 header tabs.

  ▪ Ask about links on calendar redirecting to a links page, is that necessary?

  ▪ New tabs for search hits? Is that pratical?

  ▪ Should we have some kind of pop-up error message for incompatible browsers?
