Team Meeting
Software Lab
8:00 PM – 9:30 PM
Attendance: Abigail McCarthy, Denis Kalic, Robert Tateo, Luke Greiner, Peter Truong

Tasks:

- Denis and Luke – Finalize necessary prototypes for Tuesday's client meeting
- Robert – Finalize data dictionary and database integration for Wednesday's team meeting
- Abigail – Organize the detailed design document for development during Wednesday's team meeting
- Peter – Finalize unit tests for detailed design document for development during Wednesday's team meeting
- Patrick – Prototype

Notes:

- Client meeting is Tuesday to demonstrate the path of prototypes during the process of a faculty user creating a problem and the student user submitting a solution to that problem
- Team meeting is Wednesday after class, which will focus on the development of the detailed design for Friday's submission to Dr. Lederman
