Web development and smart draw documents for lab 3

Denis and Pat—working on the website  
Luke, Robby, Peter, Abbie—Use Case

For next team meeting, Sunday September 30,2013  
Discussing Requirements Specifications and future steps:

- Read through a few of the Requirement Specification
- draw up an outline of what should be there
  - bring paper copy
- find a few sections that you would like to work on

For Friday

Questions for next client meeting 9/27/2013:

- How to combat cheating?
  - Making teachers able to see the code?
  - Copy/paste
- Users: Student, Faculty, and Admin
  - What each role is specifically?
  - How you envision them interacting with the system
- Clarify Registration further
  - Open?
  - Are the students creating accounts or are their accounts going to be already created when they go there
- Development Questions
  - What environments are we working with? Eclipse? Any suggestions on what would be the best
