Today's Presenters

Kimberly Milton: Introduction and Conclusion

Paul Mahar: System Definition

Michelle Milton: Project Plan

Problem Definition and Justification

- To provide students with a means to find roommates with similar interests
- To give roommates a chance to become acquainted before they move in together
- Put students at ease
- Our software will save: time, energy, and paperwork

Goals

- Reduce time for Student Affairs
- Get roommates connected
- More enjoyable living experience
- User friendly environment
- Meet client needs

Functions

- Online database
- Online form
- Algorithm
- Security System
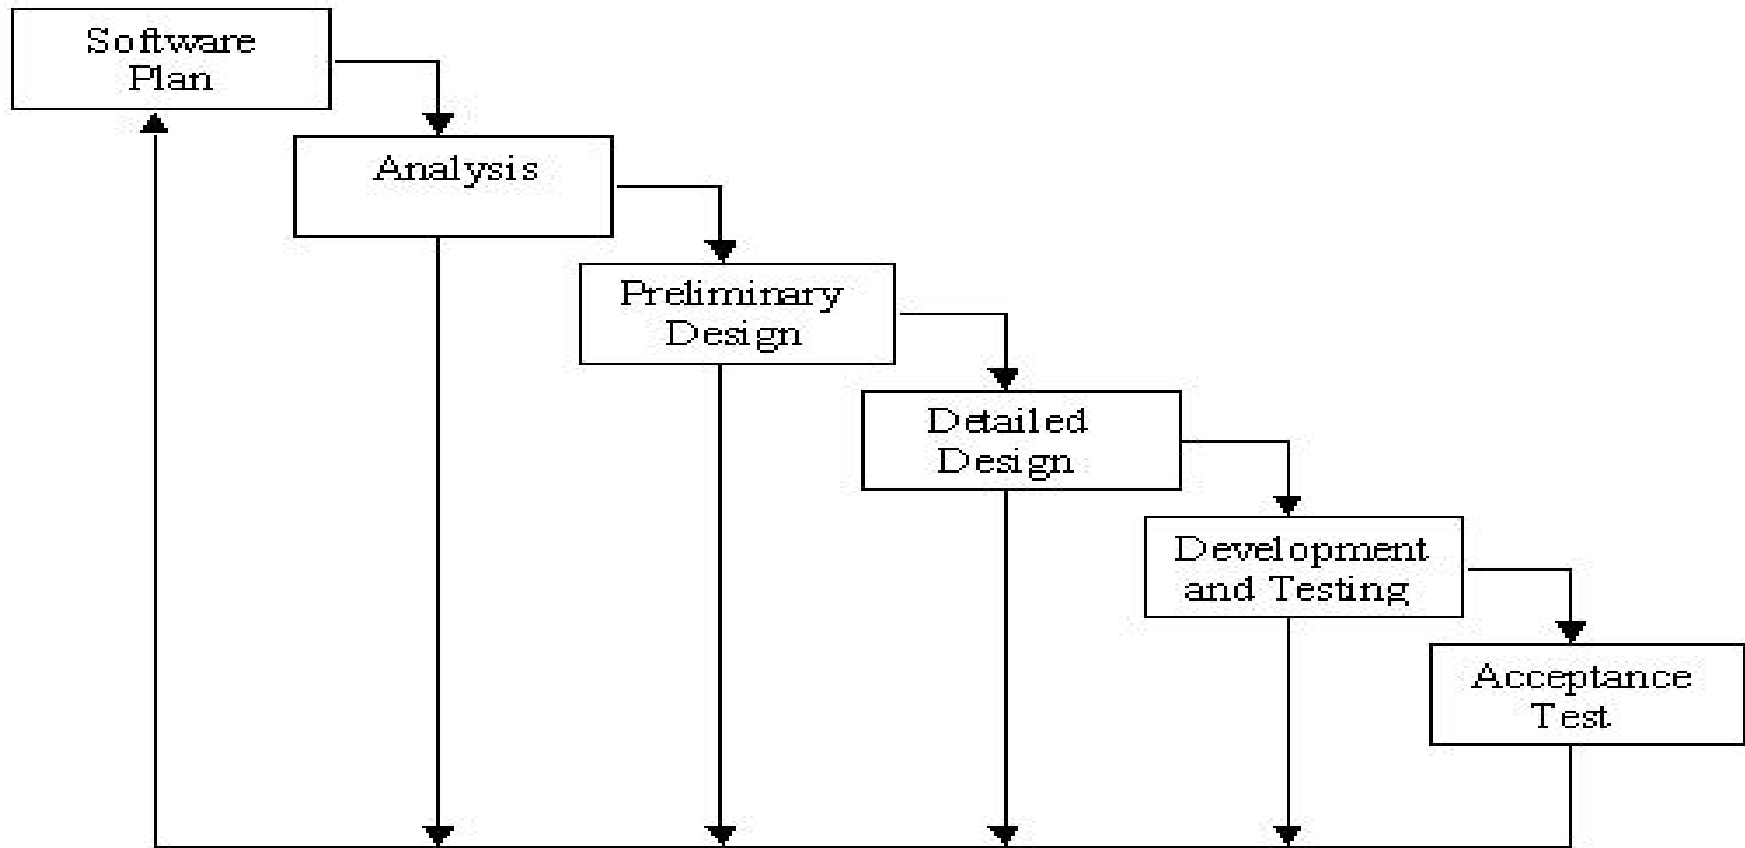

System Acceptance Criteria

- Log in
- Create and update profile
- Submit profile
- Get results
- Submit roommate proposal
- Learn about housing options

Team Organization

- **Controlled Decentralized Structure**
  - Team Leader – Kimberly Milton
  - Webmaster – Rudy Dussault
  - Systems Administrator – Tom Gentile
  - Librarian – Paul Mahar
  - Presentation Managers – Kimberly White
    – Michelle Milton

Linear Sequential Model

Gantt Chart

ID	O	Task Name	September		October		November		December
