Software Requirements Specification

Requested By: Tim Lederman

Team Members:

Daniel Hopkins

Heather Addison

Matthew Begley

Scott Dakers

Victoria Lee

Brian Rubscha

October 30, 2002

Overview

- Introduction
- Requirements
- Use Case (Student)
- Data flows for student
- Prototypes for students

Requirements

● Performance

- Minimal Load Time
- Minimal Report Generation Time
- Database Normalization
- Minimal Bandwidth Usage to and from the Database

● Functional Requirements

- Coordinator
- Work Site

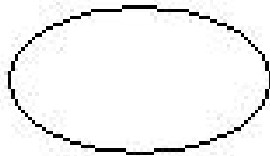

Use Case (Student)

- Log-in
- Menu
 - Application Form
 - Evaluation Form

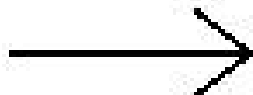

Data Flow Introduction

Source/ Sink

Process

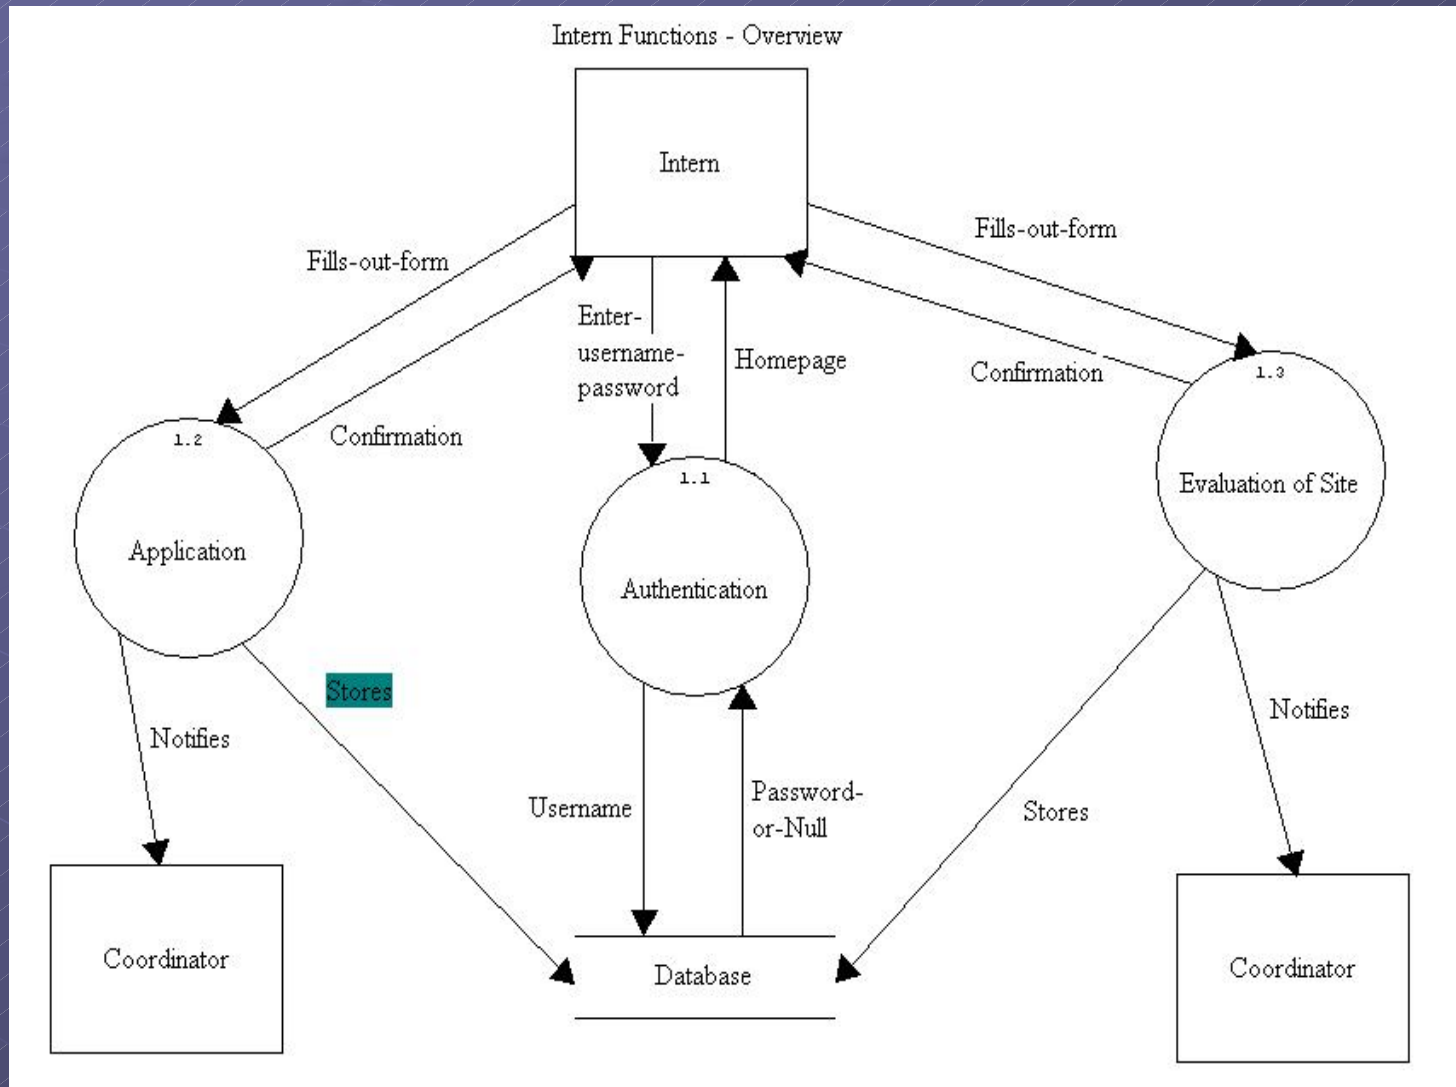

Data Flow

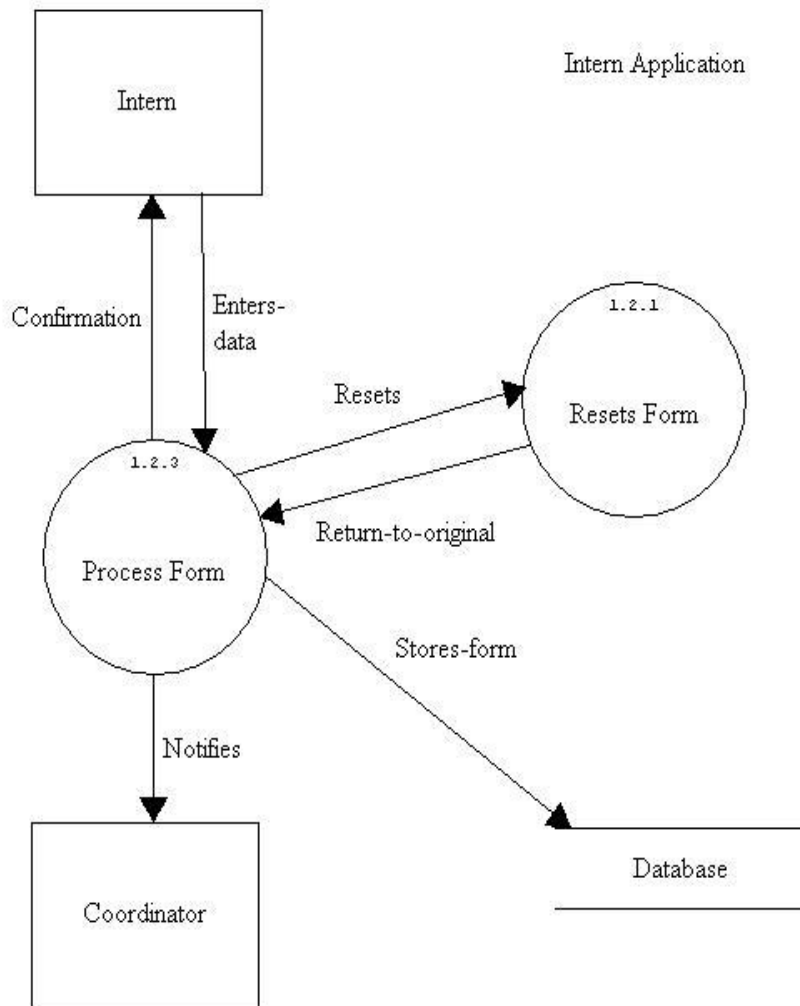

Data Source

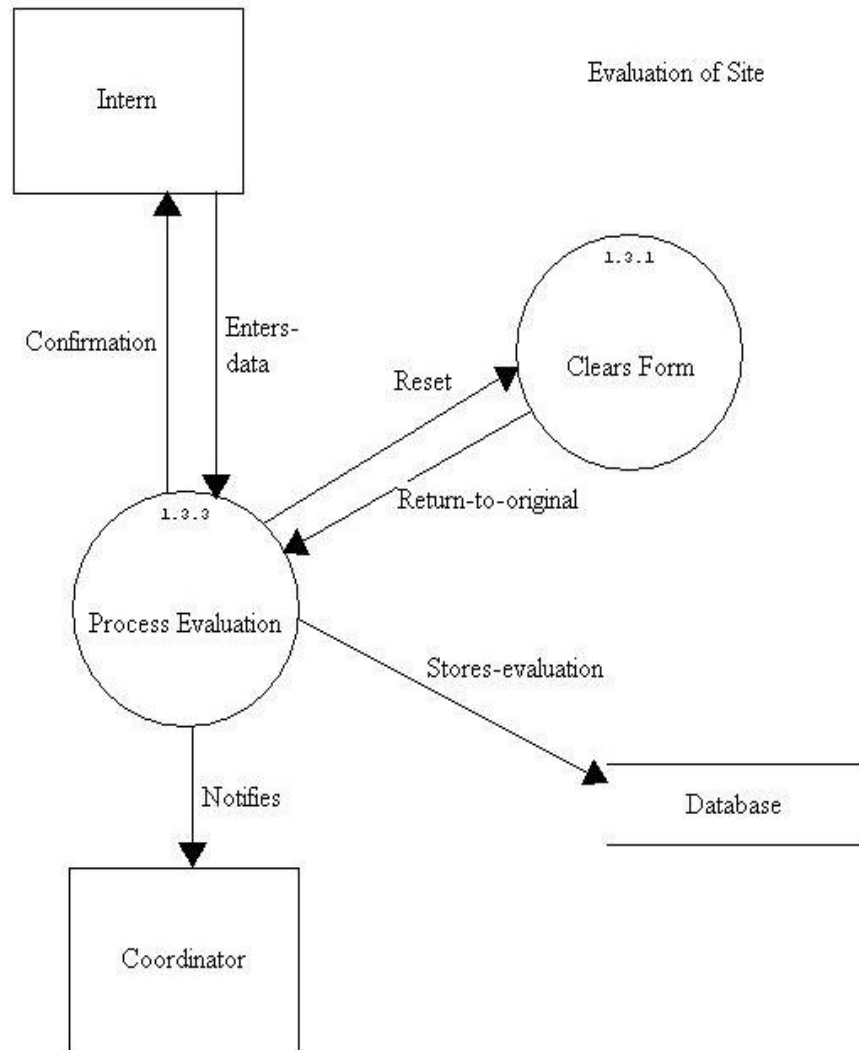

Intern Functions Overview

Intern Application

Evaluation of Site

Student Prototypes

- Main homepage
 - Login
- Student homepage
- Menu
 - Application Form
 - Evaluation Form

Timeline

● Software Plan

- Documents delivered 9/23/02

● Software Requirements Specification

- Documents delivered 10/28/02

● Preliminary Design

- Documents TBD 11/25/02

Closing Remarks
