

Client Meeting Notes -11/6/2014

Main Objective – Priorities

Map is #1 priority

low priority - students contacting alumni

- See alumni by class year
- Browse map/ alumni profiles by job categories (IT, Software Developer, Database management)

LinkedIn

- create profile via signing up with LinkedIn
- One time message send out message to LinkedIn connections (“I just joined C.S.-A.C.T.I.O.N.S. Come see what it’s all about. (link to website)”
- Find a way for not everyone to have to sign up (sign up through linked in)
- Sends certificate to C.S.-A.C.T.I.O.N.S. from LinkedIn that includes email address and pulls info from linkedin to autogenerate profile
