

Date: 09/19/2014

Time: 10:00 A.M. to 10:30 A.M.

Present: Kean, Kyle, Marissa

Clients: Ms. Partridge-Brown and Ms. Sandler

Client Meeting #2

Laptop Specs:

- Needs to have Wi-Fi capabilities
- Microsoft Office
- Otherwise up to client's preferences

Databases:

- Client laptop will not host database
- Databases will be hosted on Siena's Oracle server until projects completion
- For system maintenance beyond the course the client will have to find a new host server

Customer Checkout Data:

- Items highlighted in sample data are high priority/ high demand items
- Approximate values for items are fixed

“Buy-in”:

- Possible cooperative “buy-in” model may be followed in the future
- For example: 10 hours of work = \$150 worth of clothing
- A system user can use approximate values to calculate how many/which times a customer can buy
