

## **Client Meeting 4**

### **Website**

- Let Lederman know asap about wanting smartdraw on our computer
- The department should have licenses the software
- Use it to draw the UML diagrams, deployment diagrams, uml diagrams through out the way
- Smartdraw trial lasts only a week and has limited access
- Smartdraw is on the 306 lab computers

Went over the Uml diagram on the white board

### **USER CASE NARRATIVES** (for human users)

- contest coordinator – create problems (administrators responsibilities to upload the problems possibly)
- judges and scoring judge
- team- participants- advisors

### **To Do List**

- work on narratives and diagrams
- going over them in class on the 7<sup>th</sup>
- have something to show Darren on Monday
