

Client Meeting 9

Darren – Zachary, Renee

October 10, 2011

UML Diagrams

-Database is part of SLICE

-Consider SQLite

-Webserver should be Oraserv

-Advisor should not have a relationship with participant, should be it's own actor

-Add Manage Scoreboard

-Have both submit problem solutions and review problem submissions

-Judge and compiler both review problem submissions

To Do List

-No meeting Friday the 14th
