

Quantum Technologies

Client Meeting 10

Attended by: Ryan Egan and Shannon Pfohl

Thursday November 21, 2013

- Document Layout for Dataflow Diagrams
 - Do a level 1 then drill down each process fully
 - Once each level 2 and 3 is done for a level 1, move to the next level 1
- Allow for users to add multiple hours at once?
 - Yes, cool!
- Supervisor Evaluations?
 - For now supervisors are just able to see subordinates evaluations
 - Unique supervisor evaluations can be added to future enhancements
- Can supervisors be on teams?
 - Yes
- Once again system administrator can do all, including create evaluations
- Confirmed date of presentation and date that document is due with client
