

Quantum Technologies

Client Meeting 4

Attended by Ryan Egan Julian Thomas, Shannon Pfohl

Thursday October 10 2013 2:30 PM

- Evaluations:
 - Two types:
 - Team leader and team members fill out evaluation forms at different stages of the project. They will rate each member's quality of work and percent of work (out of 100).
 - Team leader fills evaluations for each team member. They will rate quality of work, timeliness of work, attendance, participation, cooperation within the group, and effort extended (all out of 100).
 - Team members and team leaders can see the average of their own evaluations.
- Supervisor privileges:
 - Supervisors can see comments and evaluations of their supervised employees.
- System Admin can see all evaluations
- System Specification:
 - System will fill out information of team member's name, project, and other team members through login.
- What's Next:
 - Bring Power Chart to conform privileges with client
- Next Meeting: Thursday October 17, 2013 2:30 PM
