

S.E.E. Solutions

Client Meeting 10/10/12

Kelly Bedard, Jessica Reinhardt, Carl Tompkins

Start time: 6:00

Fixed UML Diagram

- add “review” to bubble
- same for submit
- Notify anything other than the status of submission?
- submitter would be interacting with “notify” since receiving e-mail notification

Context Diagrams

- Two different context diagrams, one with and one without words
- Is web server a data store?
- Check with Dr. Lederman

Level 0 Diagrams

- Make sure processes are verbs

Level 1 Diagram - Authenticate

- Are other users other than conference chair supposed to be on this?

End Time: 6:15
