

S.E.E. Solutions Team Meeting 2/3/13  
Everyone present

Start time 1:00

Made list of possible songs for team song. Came up with a list of about 8 songs and decided we would look at them and decide on Wednesday

Talked about all the necessary tables we would need and what fields need to be in each table based off of Data Dictionary and Prototypes

Downloaded MySQL workbench and made tables in there.

Made a complete ER Diagram in MySQL workbench

Decided Brett would draw a preliminary ER Diagram based off the one from MySQL workbench for client meeting on Monday.

End time 3:30
