

# SPRINT 3

MYERS BRIGGS 360

# WHAT IS IT?

Tool that allows users to send Myers Briggs test to people they know to help better identify their myers briggs type

# BENEFITS

Eliminate Bias

Allows subject to see what others view them as

Increases overall accuracy of type identification

# OVERALL GOALS

Add Test to the Web App

Create link to send test for others

Organize User Interface

# USER STORIES

As the user,

I want to be able to reset my password,

Because I may want to do that

As the user,

I want the questions to be in the Web App,

so that I can take the test

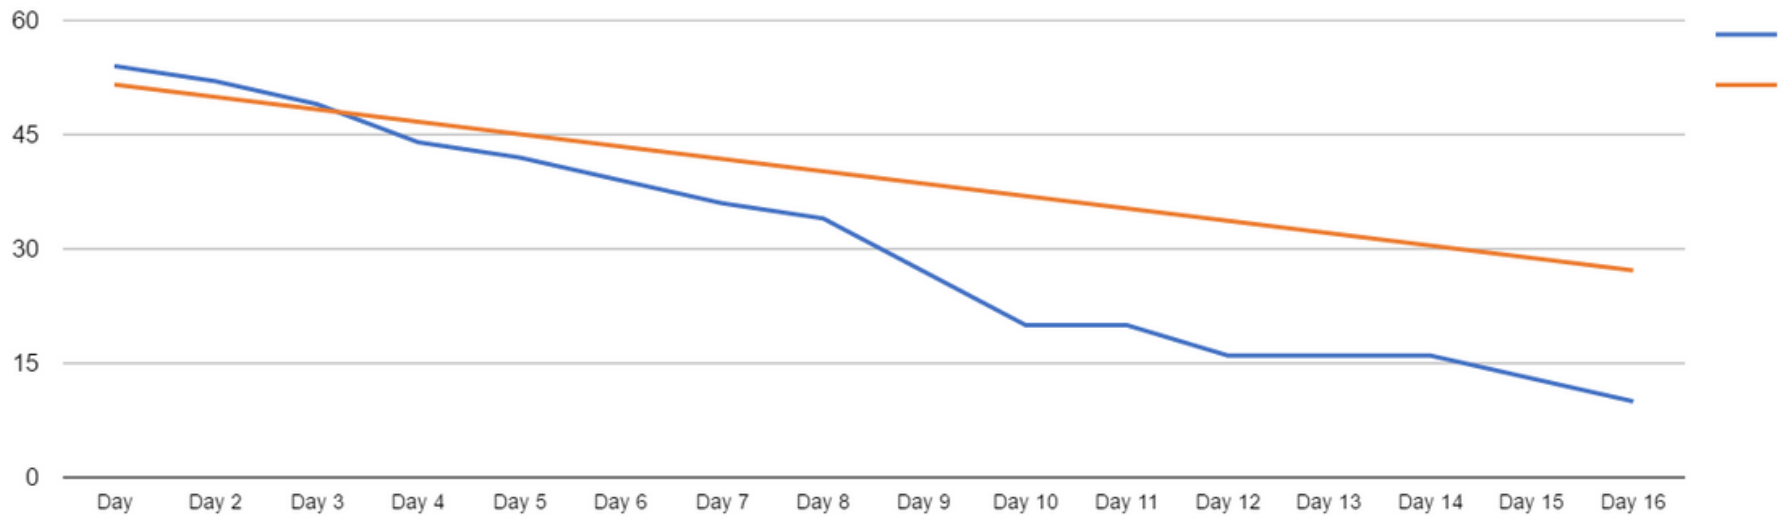

# USER STORIES

As the user,  
I want the random link generator to generate a  
unique link,  
So that I can send the link to different people

As the user,  
I want a paragraph for my recepient,  
So they dont think my message is spam

# BURNDOWN

SPRINT BURNDOWN CHART

# VELOCITY

- 5 Story points completed in first sprint
- 20 story points completed in second sprint
- 55 story points completed in third sprint

Average Velocity of 26.6 story points per Sprint

# RETROSPECTIVE

Meet more often

Better Delegation of work

Create Deadlines

Communicate what is/isn't done

# REFLECTION

- We put all user stories on post-it notes and marked when things were completed

Didnt really do anything else.
