

Client Meeting

15 April 2014

6:00 PM – 6:15 PM

Attendance: Dr. Lim, Abigail McCarthy, Patrick White, Peter Truong

Updates:

- Needs to determine if the compiler is functioning
 - Infinite loops?
 - Try and Catch Blocks to work
- Demonstrating the prototypes

Plan:

- Focus on the main portion of the assignment:
 - Create a problem list and have a student answer it
- Then worry about other portions:
 - Time to compile
