WORK EXPERIENCE

Webmaster, Software Engineering, Loudonville, NY September 2013 - Present

- Currently designing and developing a web application called JPREP using HTML5, CSS3, PHP, Javascript, and jQuery. JPREP allows professors to create Java based assignments and for their students to complete and submit these assignments for grading. Also responsible for the design, development, and maintaining of our team's website located at the url http://oraserv.cs.siena.edu/%7Eperm_deltatech/

Intern, Doctored Apps, Albany, NY September 2013 - December 2013

- Developed and debugged mobile applications called Dumbstruck and MappIt for both iOS and Android.

QA Analyst Standard Experience- Summer Intern, AIG, Boston, MA May 2013 - August 2013

- Worked as the QA analyst on a team that created an online portal to provide travel assistance to AIG employees. Helped develop an application using PRPC and Websphere Application Server that would automatically sign users into that application and also tested various other web applications as well.

Summer Intern, AIG, Boston, MA May 2012-August 2012

- Performed a variety of tasks including front end testing of web applications, running SQL queries, and checking logs and error reports of web applications to detect performance issues.

ACTIVITIES

Boy Scouts, Troop 701 September 2006 - Present

- Eagle Scout, Order of the Arrow member

Siena College Pep Band September 2010 - March 2013

- Drummer at the Siena College men's and women's Division I basketball games.

HONORS RECEIVED

Dean's List Fall 2012 Semester, Fall 2013 Semester
