

ExoNET Team Meeting Notes 02/03/2012 12:30 – 1:00 pm Friday

Discussed potential interface changes:

- Color scheme
- Organization of display
- Login screen
- Overall consistency

Discussed system specifications:

- How file submissions will be handled
 - Submissions will be locked one after the other?
- Backing up data for recovery
 - I.e. clarifications, scoreboard, problem submissions etc.
- How scalability testing will be conducted
 - Possibly collaborate with P=NP to perform testing to maximize number of people (stress test)
