

ExoNET Team Meeting Notes 02/10/2012 12:30 – 1:00 pm Friday

Further discussed interface changes and came up with the following:

- enlarge application to fit the window
- space out fields and windows
- make font bigger and change style
- add color to the background
- designate color to certain text to distinguish its meaning
- add space between teams on the scoreboard and allow for scrolling
- in chat window, add color to the names to better distinguish messages
