Team Meeting #6
10/3/2011

- User case narrative presented on Friday: Story of what users will be doing/how our program works.
  Specifics to include:
  what the contest participants see as they go through our program.
  what the judges see/ what they can use – including scoreboard operations
  system administrator – go over in client meeting

Meet Thursday at 6pm in Software lab to write up narratives.

For website:
-Make logo bigger
-**ExoNET** on top
-lighten color of text or change up color scheme
-mouse over links
-fix about us page -> align team members better (fit on one page!) – also include Steph.
-include waterfall model on current status page
-software plan link must be to pdf
