

## Team Meeting

11/11/2011

Data Dictionaries are due a week from today.

- Look at links on website and ask Lederman questions on Monday

Do some research on unit tests also

- A set of test cases to prove system works properly
- Include unit testing for database

Lederman wants to talk to team about data flow diagrams Monday after class.

- He will go over how we want to break down our processes.

Preliminary Design parts are due to Stephanie by December 2<sup>nd</sup>.

Parts will be designated and emailed to all team members shortly.
