

Client Meeting
10/24/13
5:45 PM - 6:00 PM
Karl, Bryan, Connor

- Went over functional and nonfunctional requirements with client

- Changes that need to be made:
 - general- needs to be compatible with mobile safari/ mobile browser
 - admin- make trollandtoad the guest user website
 - advanced user- change wording for “edit Magic card”
 - guest user- only can use the specified website (trollandtoad)
 - nonfunctional- for easy to maintain, the admin should be able to maintain the templates for scraping easily

- Acceptance criteria- do not make list of functional requirements yet
