

Client Meeting
10/31/13
5:45 PM - 6:00 PM
Karl, Bryan

- Requirements look good for the client
- Plan is to write the scraper in java and the front end stuff on the website in php
 - Dr. Lim suggested something with jsoup php so php is used throughout but he does not have a preference
- For the plotting of the graphs, there is gnuplot and jqplot
- Meetings:
 - Team- Monday 11/4 12:30
 - Client- Thursday 11/7 5:45
