Illumination Techonologies
Client Meeting
1/31/14
11:30-12:15
Katie, Jackie, Connor

- **Changes to Prototypes**
    - **Administrator Screen's:**
        - **Instead of referring to a new page, the manage account tab and manage website tab should become a drop down tab with the different options**
        - **Under Manage website, we should include a radio button so that the default website can be easily chosen**

- **Changes to the Data Dictionary**
    - **CardName data type should be changed to include additional ASCII characters.**

- **Additional Enhancement's**
    - **Consider allowing the administrator to view all other user's lists.**

- **To discuss as a team:**
    - **How to represent cards which are the same besides different pictures.**
