

AGENDA

1. Attendance

2. Make sure Data Flow Diagrams are ready for Wednesday

-Changes to data flows will be made after critique with Dr. Lederman on Wednesday (11/1).

3. Make changes to Website that were talked about in class.

- Client name, project name, and project description added to Documents page.
- Links/section made for prototype and dataflow diagrams.
- Link for test plan so it can be added at a later date.

- Mark will make further revisions for Friday.
