

Meeting: Conference Call With Jen

Date: Tuesday September 16, 2014 at 1:00PM

Attendees: Jen Cannell, Damian Crisafulli,10

Key Discussion Points:

- Discussed the current progress of Software Plan.
- Asked about further technical constraints of the software.
- Jen will be researching the organizations web server details and get back to Omegatech with an answer.
- Established that there will be a beta period to test the software. Actual students will be involved in the beta process.

Next Steps/ Assignments:

- Once Jen complies her organization servers details, research the details to determine any technical constraints.
- Complete the software plan and submit a copy to Jen by early next week.
