Team Meeting #8
Reviewed Older Req. Specs, worked on document

Members Present: 5/5
Colin Cubinski
Daniel Nakhla
Matthew Restivo
James Rocco
Justin Valentini

Date: October 19\textsuperscript{nd}, 2006
Start Time: 7:00PM
Location: Roger Bacon—Software Engineering Lab

1) The meeting consisted mainly of reviewing older Requirements Specification documents and seeing what parts were necessary and which aspects were most important. We were able to start our own Requirements Specification Document, but it was very general and simply the basic outline. We set a meeting for the 22\textsuperscript{nd} to further divide up the document and work further on it.

End Time: 8:00PM
