SMARK Solutions

Date: 9/21/2014
Time: 7:00 PM - 8:30 PM
Location: Software Lab
In attendance: Sal, Anna, and Mary

Notes:

First, we looked at examples of the previous years' presentations in order to get an idea of what needed to be included in the software plan presentation. Once we decided upon what was necessary to be included we created the powerpoint, modeling the work of previous years. We decided how we wished to divide the parts of the presentation among the group during the presentation, then assigned Ryan to be in charge of finalizing the formating of the powerpoint.
