

## SMARK Solutions

Date: 9/28/2014

Time: 9:00 PM - 10:00 PM

Location: Software Lab

In attendance: Sal, Anna, Mary, and Ryan

### Notes:

We reviewed what Mary had for the website and discussed what else had to be done for the website. Additionally, we transferred the code from local files to the permanent location on Siena's server. Upon doing so we recognized some issues which arose and planned on meeting with Dr. Breimer to discuss possible solutions to the problem. We also discussed some of the aesthetic portions of the website and decided that we were happy with the color choices which Mary had made for the website.
