- Student able to solve a problem
 - As a student, I want to be able to solve a problem so that I can complete my assignment
- Refine create a problem
- Student views course landing page
 - As a student, I want to be able to view course functions for my selected course
- Professor views course landing page
 - As a professor, I want to be able to display course functions for a specific course so my students can navigate through the course information
- Student enrolls in a course

Sprint 3 Burndown Chart

Velocity

Sprint 1: 14
Sprint 2: 20
Sprint 3: 20

Average Velocity: 18

Improving the Process

- Trying to find more times where we can all meet

Reflections:

- Allowed us time to adjust our sprint plans
- Made us a more efficient workforce

Demo
