Date	09/26/2012	**Start Time**	7:05 PM	**End Time**	7:48 PM
Attendees	Chris Small, Ryan Kennedy and Eduardo P. Barbosa				
Client	Dr. Darren Lim				

* No constraints on the database or programming language for the application

Main Goals
- submission and review
- registration
- conference agenda configuration (locations, times)

Programming competition sign up – team/adviser, members

Reviewers – provide the topics they want to review, try to match up these topics with topics of papers

Receipt printing for conference registration fee

Chairs for each type of submission must be able to configure deadlines

Paper submitters must submit two version of the paper: one anonymous and one normal

Conference organizer should be able to configure a list of topics that papers can be categorized into

Generally anyone can review a poster

Configure via UI: hotels, directions, parking, sponsorship, areas of interest
